

Important Information with Regards to Your CPVC Marine System

CONGRATULATIONS. Your vessel contains a state-of-the-art CPVC Marine System. Your CPVC Marine System will provide you with years of maintenance free service when properly cared for. CPVC Marine Systems resist attack from a wide range of chemicals that are corrosive to metallic piping. As with any piping material, there are however, certain chemicals that can be detrimental to CPVC. Occasionally some of these chemicals may be found in some construction products, site preparations and vessel maintenance. There are certain things that you need to be mindful of in caring for or working around your CPVC Marine System.

Keep your system clear from contact with the following products and chemicals unless product labels state materials are compatible with CPVC:

NOTICE

Ordinary considerations	Vessel maintenance services
Cleaning Products Detergents Oils/Lubricants/Greases Rubbery Materials	Fungicides Mold Remediation Chemicals Termiticides / Insecticides
For hired contractors & do-it-yourselfers	
Corrosion Inhibitors Glycol-based antifreezes Solder Flux Thread Sealants Flexible Cable / Wiring (especially communications cabling) Caulks/Mastics	Adhesive Vinyl / Electrical Tape Non-Approved Spray Foam Insulation Non-Water Based Paint Paint Thinners Wood Finishes/Varnishes

You should also avoid the following:

- Sitting, standing, hanging, leaning, or resting anything on the pipe, fittings, and system components
- Grounding electrical wiring to the pipe or fittings
- Ambient temperatures below 40°F/4°C where your marine system is located. (Unless an approved compatible antifreeze or insulation method is installed.)
- Hot work around the pipe, i.e. blow torches, soldering, etc.

Be certain that this document is reviewed and understood by anyone working on or around your CPVC Marine System. If you have any questions or need assistance on chemical compatibility with your CPVC Marine System contact the manufacturer listed on the pipe.

Proper care will help your CPVC Marine System provide normal service for years to come.
